## Graduation Requirements Summary

Minimum Total Hours	Minimum Major Requirements Hours	College & Program Requirements Hours	Carolina Core Hours	Minimum Institutional GPA
122	27	61-64	31-34	2.800

- Regardless of individual course grades, students must maintain a minimum 3.65 cumulative GPA at the end of their first year (fall, spring, summer term) followed by a 3.500 at the end of the third semester.
- Some colleges require a minimum GPA for major courses. Courses indicated in this column are included in the major GPA for this program of study.
- Students who do not place into MATH 122 or MATH 141 will be required to take a summer course in the summer following their first year.
- Students in the International Business: European Business major must complete four 300-level or higher French language courses, one of which must be complete prior to studying abroad. The French Language Placement test will determine at which level the student will begin. If a student's French language placement test score requires FREN 122, then FREN 209 would be taken in the second semester, along with FREN 210. Students may fulfill minor or cognate requirements through completion of the foreign language requirement.
- The [Carolina Core](#) provides the common core of knowledge, skill and academic experience for all Carolina undergraduate students.
- International Business: European Business majors are required to study abroad a minimum of two semesters as outlined in specific cohort expectations. Course selection is subject to availability at partner school with advisor approval.
- International Business major courses:
  - Thematic Courses** (3 hours): IBUS 422, 423, 424, 425, 426, 427, 428, 429, 431, 433, 434, 435, 519, 521
  - Functional Courses** (3 hours): ACCT 426, IBUS 501, 502, 503, 405, 430, 432, MGMT 406, MGSC 405, ECON 503, 504, 505
  - Regional Courses** (6 hours): two courses with a European focus
- International Business: European Business majors are required to take cohort-specific sections of IBUS 310 and the IB Regional courses.
- International Business majors are required to complete a second functional major in the business school. Cohort programs may limit second major choice. Based on second major and entering language ability, total program hours may vary and students may exceed 15 hours some semesters and/or need summer coursework. However, many students bring in AP/IB credit to satisfy some course requirements.
- The total number of elective hours required depends on the number of hours used to fill other degree requirements, including the minor or cognate, multiple business majors or the business analytics concentration. No courses of a remedial, developmental, skill-acquiring, or vocational nature may apply as credit towards degrees in the Darla Moore School of Business. Coursework in MATH/STAT below the Moore School minimum requirements (ex: MATH 111 or STAT 110) or 1 credit performance or PEDU classes may not be included. Options to meet this requirement may include: pre-professional coursework, an accelerated master's program (maximum of 4 courses if not counted elsewhere in the degree), lower-level language courses (100-200 level in addition to Carolina Core requirements), electives, or a second business major. Consultation with your academic advisor is required to determine appropriate use of the electives.
