

REQUIRED CHECK-IN INFORMATION

Directions to student: Upon your arrival to the USA, you are required to check-in with the ISSS office. This check-in allows our office to register your SEVIS record with the Department of Homeland Security and lift the citizenship verification hold on your account. You must complete this form as part of the check-in process. The DHS requires all F-1 students to have an updated and current US address within 10 days of arrival. This form needs to be completed prior to enrolling in classes. Digital signatures are acceptable.
