

It's here! – **Match Day 2021** is Friday, March 19, a day greatly anticipated by pharmacy students who are seeking post-graduate training.

The College of Pharmacy wants to share our students' success as they learn where they will spend the next year of their career. Follow along on our [Twitter](#) and [Instagram](#) channels and help share their good news. Some of our students have already accepted residencies and fellowships. From the Dean's Desk

With the return of university employees to campus this week, we are moving toward a greater sense of normalcy, and it will be great to have everyone back on campus. As part of our 'return to normal,' we are planning to hold a convocation and hooding ceremony this spring, and our students are ecstatic to be part of an in-person graduation ceremony, at Williams-Brice Stadium in May. It has been a long year, but we have persevered and there is a very bright light at the end of the tunnel. Thank you for supporting us through it all!
